

Employment and Training Administration, Labor

§ 653.503

of a description of worker's rights developed by the National Farm Labor Coordinated Enforcement Committee.

(g) The local office may place an intrastate or interstate order seeking workers to perform agricultural or food processing work for a specific farm labor contractor or worker preferred by the employer provided the order meets JS nondiscrimination criteria. The order would not meet such criteria, for example, if it requested a "white male crew leader" or "any white male crew leader."

(h) In local offices which have been designated significant MSFW bilingual offices by ETA, and in any other local office with bilingual staff, bilingual (English-Spanish) staff shall assist all agricultural workers, upon request, to understand the terms and conditions of employment set forth in intrastate and interstate job orders and shall provide such workers with checklists in Spanish showing wage payment schedules, working conditions and other material specifications of the job order.

(i) No agricultural or food processing order shall be included in job bank listings available outside the local office commuting area unless the order has been processed according to requirements for intrastate or interstate clearance contained in this subpart. If the job bank for the local office area incorporates offices beyond the local office commuting area, the order may be included in the listing but must be clearly designated as prohibiting referral from outside the community area, unless the requirements of this subpart are met.

(j) If the labor supply State agency accepts a clearance order, the State agency shall actively recruit workers for referral. In the event a potential labor supply State agency rejects a clearance order, the reasons for rejection shall be documented and submitted to the Regional Administrator having jurisdiction over the State agency. The Regional Administrator will examine the reasons for rejection, and, if the Regional Administrator agrees, will inform the Regional Administrator with jurisdiction over the order-holding State agency of the rejection and the justifiable reasons. If the Regional Administrator who re-

ceives the notification of rejection does not concur with the reasons for rejection, that Regional Administrator will so inform the USES Administrator, who will make a final determination on the acceptance or rejection of the order.

(Approved by the Office of Management and Budget under control number 1205-0039)

[45 FR 39466, June 10, 1980, as amended at 47 FR 145, Jan. 5, 1982]

§ 653.502 Changes in crop and recruitment situations.

(a) If a labor demand State agency learns that a crop is maturing earlier than expected or that other material factors, including weather conditions and recruitment levels, have changed, the agency shall immediately contact the labor supply State agency, who shall in turn immediately inform crews and families scheduled through the JS clearance system of the changed circumstances and adjust arrangements on behalf of such crews of families.

(b) When there is a delay in the date of need, procedures required of employers and workers at § 653.501(d)(2)(v) shall be followed. State agencies shall document notifications by employers and contacts by individual migrant workers or crew leaders on behalf of migrant workers or family heads on behalf of migrant family members to verify the date of need.

(c) In addition, if weather conditions, overrecruitment or other conditions have eliminated the scheduled job opportunities, the State agencies involved shall make every effort to place the workers in alternate job opportunities as soon as possible, especially if the worker(s) is already enroute or at the job site. JS staff shall keep records of actions under this section.

§ 653.503 Field checks.

(a) The State agency, through its local offices or otherwise, shall conduct random, unannounced field checks at a significant number of agricultural worksites to which JS placements have been made through the intrastate or interstate clearance system. These field checks shall include visit(s) to the
